

The Auditory Implant Service

HOW TO FIND US

The University of Southampton Auditory Implant Service is based in Building 19 on the Highfield Campus of the University of Southampton.

- | | | |
|--|--|--|
|  Usual Patient Parking (5 spaces) |  Car Park (Pay and Display) |  Traffic lights |
|  Temporary Patient Parking |  Prebooked parking |  Pelican crossing |
|  Car Park (permit holders only) |  Food outlets | |

How to find us

By foot from the bus interchange and Hartley Library

From the bus station, go to the pelican crossing and cross to the other side of University Road. From the pelican crossing outside the Hartley Library. Look for directions to the ISVR. With the Library on your right, walk past Buildings 5, 9 and 7. Turn left between Buildings 9 (Lanchester) and Building 21. You will see Building 19 ahead of you on the right.

By rail or bus

Fast trains from London and Bournemouth/ Weymouth stop at Winchester, Southampton Central and Southampton Airport Parkway. Trains from Portsmouth and Bristol/ South Wales stop at Southampton Central. For information on bus services connecting Highfield campus with the city centre and rail stations please go to www.unilinkbus.co.uk. U1 is the bus that takes you to the University (Highfield Interchange).

By car

From the M3 – exit at junction 14, following signs for Southampton (A33). Follow the A33 into Bassett Avenue and follow the signs to University Campuses (Highfield Site).

From the M27 (west or east) – leave the M27 at junction 5 (Southampton Airport) and take the exit for the A335 following the signs to University campuses (Highfield Site). You will need to take a right on to Burgess Road as the road forks (by McDonalds) and then a left when you reach Highfield Campus (the traffic lights at the junction with University Road).

When you reach the Campus drive down University Road. Hartley Library will be on the left. Turn left after the Hartley Library and first left after Building 34. Follow the road past Building 28 (see changes to parking) until you come to the crossroads, go straight on and you will see Building 19 ahead of you on the right. If you use Google Maps and type in Building 19 University of Southampton, your sat nav will bring you to the building (note changes to parking).

Patient parking

You will need a parking permit available from the Auditory Implant Service. There are 5 spaces marked 'ISVR Patient' outside Building 13 (Tizard).

If the allocated spaces are unavailable you may park in any of the car parks labelled for permit holders with the exception of the following: yellow hatched areas, the VC reserved bays (Building 37), Gower Car Park, Visitors' Car Park and the Pay and Display Car Park.*

Temporary changes to patient parking

On or around 21st August 2023 building works on campus will result in the ISVR usual patient parking spaces being moved to the area outside of Building 28. The builders will signpost these spaces and mark out the pedestrian route to USAIS in Building 19. Once the building works are completed in or around November 2024, the ISVR usual parking spaces will be re-instated. Access to the University from Granby Grove and Hartley Avenue will cease whilst building works are underway.

There is also parking in nearby side streets for TWO hours only.

Disabled parking

There are marked bays across the campus for disabled badge holders. You will need to display your disabled permit as well as an Auditory Implant Service permit.

Visitor parking

There is a pay and display car park on Highfield Campus, which is near Buildings 1 and 16. Please note that it can fill up very quickly during the morning. There is also a Visitors Car Park – shown as 'Pre-booked parking' on the map. You may only park here if you received confirmation from a member of staff that they have booked you a space.

***Note that parking restrictions on site will result in owners of cars parked incorrectly, receiving a parking fine.**
